

## **Information for Waiting List Applicants from April 17-19, 2019**

If you applied for our waiting list and received a control number, you will be entered into the lottery for a spot on the waiting list. If you do not meet occupancy requirements, you will be removed from the lottery. These occupancy requirements can be found on our website under the Waiting List tab.

We received over 450 applications. Of these, 50 applications per unit size will be selected by lottery. We will contact applicants that made the lottery by the end of the month by email.

Then applications will have preferences applied and be put on the waiting list in order based upon these preferences. Our Preferences can also be found on our web site under the Waiting List tab.

The first five applicants on those lists will be sent a complete application requiring signatures and documents. When we have an available unit, we will contact the first person on the list to review and update information. If they still qualify, they will be offered a unit. Once an applicant is housed or refuses a unit, we will then contact the next person on the list.

If you have made the waiting list and need to update your information, you will be able to do that on our web site after the end of April.

In order to remain on the waiting list, you are required to update your application information during the 30-day period of October 15 – November 15 and again during the period of April 15 – May 15. Failure to update your information during this time period will automatically drop you from the waiting list.

We have a total of 20 units: 2- One bedrooms, 8- two bedrooms and 10- three bedrooms and seldom have vacancies.

Frisco Housing Authority will not release any Waiting List information over the telephone.
